

## Product Profile

- The style of this luxurious slider implies elegant taste
- The metal silver band in conjunction with the monochrome finish demonstrates the extraordinary value of the phone
- The elaborate slider mechanism (**proSLIDE™**) and the premium **transflective TFT display** with high-colour depth fulfils demand for superb quality in detail
- **Multimedia features** like the integrated 1.3-megapixel camera round off the luxurious concept. The innovative Mobile Music Set accessory turns the mobile phone into a mobile music player
- The state-of-the-art Headset Bluetooth® and Car Kit Bluetooth® solutions as accessories provide handsfree and wireless mobile communication

## Technical Data

### Technical Profile

- Dimensions: 92 x 48 x 23 mm (L x W x H)
- Volume: Approx. 78 cm<sup>3</sup>
- Weight: 99 g
- Standby time\*: 300 h
- Talktime\*: 300 min.
- Battery: Li-Ion 720 mAh
- Antenna: Integrated
- Display: 1.8 inch, 132 x 176 pixels, 262K colours, premium transflective TFT
- Storage: 52 MB
- Connectivity: USB, Bluetooth®
- Camera: Integrated 1.3-megapixel with LED light, camera side key, 5x digital zoom

### System / Standards

- Tri-band GSM 900 / 1800 / 1900
- GPRS / EDGE class 10
- Vocoder FR, HR, EFR, AMR

### SIM Functionality / Security Controls

- SIM Application Toolkit (class 3)
- SIM lock, various levels
- PIN 1 & 2 control
- Ciphering A5.1 and A5.2
- SIM plug-in (3 V / 1.8 V), SAT class 3

### Data Services

- Mobile Internet access (WAP 2.0)

### Data services

- CSD (up to 14.4 Kbps\*)
- GPRS (up to 53.6 Kbps\*)
- EDGE Multislot class 10 (max. 384 kbps\*)
- Data download OTA via SMS or WAP
- SWUOTA (software update over the air)
- MMS 1.4 (release 5)
- E-mail supporting SMTP, POP3

\* Actual performance is dependent on network conditions

## Market Introduction Q3 / 2005

Onyx Black\*

\* Actual colors may vary

## Features

- Video recording, playback and streaming, progressive download (h.263, MPEG4, Real Video 8\*)
- Music player via side key, IMPS, MMS and e-mail
- Music and ringtones: MP3 (can be deactivated with specific operators), AAC/AAC+/AAC++/Real Audio 8\*
- Video ringtones
- New unified address book concept including presence information, instant messaging
- WAP 2.0, MIDP 2.0 / CLDC 1.1
- 3D Java games / multiplayer games, 3D Java engine
- Organiser
- WAP 2.0, Bluetooth® and Bluetooth® accessories
- Wireless Java MIDP 2.0
- 3D Phone Pilot (Virtual Friend, reminders, Download Assistant)
- Dedicated operator hard key for quick and easy access to relevant operator services
- Support of operator portal services / content
- Advanced user interface customisation
- Speaker dependent voice recognition\*
- Headset Bluetooth® and Car Kit Bluetooth® solutions for mobile and wireless communication
- Mobile Music Set accessory for further entertainment

\* Available in second release

## Original Accessories

### Fashion & Carry

- Leather Case FCL-700
- Tour Case FCT-650

### Energy

- Li-Ion Battery 720 mAh EBA-650
- Travel Charger (EU+UK) ETC-500/510
- Car Charger Plus ECC-600
- Desk Top Stand EDS-600
- Car Charger ECC-500 (for bulk only)

### Hands-free Portable

- Headset Bluetooth® HHB-700/710/720
- Headset Bluetooth® HHB-600/610/620
- Headset Bluetooth® Stereo HHB-750
- Headset Purestyle HHS-610
- Headset HHS-510
- Headset Basic HHS-500
- Headset Stereo HHS-700
- Charger Adapter ECA-500 (for Headset Bluetooth® for HHB-600)

### Car Solutions

- Car Kit Bluetooth® Portable HKW-700
- Car Kit Bluetooth® HKW-600
- Car Kit Bluetooth® HKW-710 (successor of HKW-600)
- Car Kit Bluetooth® SIM HKW-720
- Car Kit Portable HKP-500

### Multitainment

- Flash IFL-600 (for integrated camera)
- Mobile Music Set IMS-700

### Office

- Data Cable DCA-500
- Data Cable USB DCA-510
- Data Cable USB DCA-540
- SyncStation DSC-600

## Colour Variants

Onyx Black\*

Additional colours:

- Pure Silver
- Polar White

\* Actual colours may vary

## Standard Package

- SL75 handset
- Li-Ion battery 720 mAh
- Standard charger
- User guide(s)
- CD

## Supported Supplementary Services\*
